Grievance Redressal Policy

1. Introduction

ETRIBE FINANCE PRIVATE LIMITED has established a grievance redressal mechanism to systematically monitor grievance related matters and believes that providing prompt and efficient customer service is essential to retaining existing relationships as well as a key factor in sustaining business growth. Addressing customer complaints is a cornerstone of good customer service. This policy details complaint handling through a structured grievance redressal framework including a review mechanism to minimize such issues in future.

2. Objectives

At ETRIBE FINANCE PRIVATE LIMITED, we believe that if a customer wishes to file a complaint or register an expression of dissatisfaction, it should be easy for them to do so. The objective is to ensure that all customer complaints are handled in a fair and efficient manner to increase customer confidence in our complaint handling and administration process. It is our policy to receive complaints and consider them as an opportunity to improve and provide better service with the following focuses:

- Design a grievance redressal framework and implement it across Products offered by the Company to provide Customers with a seamless service and satisfaction
- Ensure Customer protection
- Ensure ease of access to the Customer by providing them with options of lodging a complaint through various channels
- Ensure transparency in grievance redressal by providing a defined Turn-Around-Time (TAT) and ensuring timely resolution of customer complaints. Further, the Company will endeavour to provide the Customer with transparent communication in case of the complaint not being resolved within the prescribed timelines or if the complaint is not capable of being resolved
- Ensure Customer satisfaction by providing a defined escalation matrix so that in the event that a Customer is not satisfied with the given solution, they can escalate their complaint to higher authorities who are responsible for the same
- Seek regular Customer feedback through complaints and endeavour to improve the Company's processes and products to match Customer demand and satisfaction

3. Framework

The Company believes that it is their primary responsibility to focus on Customer service and satisfaction. In its endeavour of providing its Customers with a seamless experience, the Company has designed a comprehensive grievance redressal framework to address customer complaints. The customers are provided multiple channels to lodge their complaints and these complaints are resolved in a timebound manner, with also providing the Customer with a choice to escalate their 5 complaints. This section explores the grievance redressal framework applicable across different products offered by the Company.

The Company has defined a multi-level Escalation matrix to ensure that a Complainant is able to appeal and escalate their grievance to a higher level. The degree of escalation varies according to the product offered by the Company. Level 1, Level 2 and Level 3 of escalation are applicable to the Products offered by the Company.

The following table provides a snapshot of the escalation matrix and the TAT vis-à-vis the various products offered by the Company.

S.no	Escalation Level	Description	Turn Around Time	Modes Of Channel/ Key person
1	Level 1	Lodge a grievance via the appropriate channels	Acknowledgment of receipt of grievance within 48 hours Written reply / resolution within 5 working days of lodging the grievance	Email: help@prosparity.in
2	Level 2	Appealing to the Chief Grievance Officer of the company	Written reply / resolution within 5 working days of escalation	Mr Kanishk Agarwal Email: kanishk@prosparity.in
3	Level 3	Appealing to the BH of the company	Written reply / resolution within 5 working days of escalation	Mr Jitendra Sharma Email: jitendra@prosparity.in
4	RBI Ombudsman	A Customer may approach the RBI Ombudsman on their CMS portal after exhausting all levels of escalation	NA	NA

4. Channels of lodging a complaint

The below channels are currently available for Customers to lodge their grievances:

S.no	Channel	Process
1	Email	help@prosparity.in

5. Information to include when lodging a complaint

When registering a complaint, the customer should briefly write about the issue he/she is facing. To facilitate faster and complete resolution of complaints, customer should register his complaint through registered email id and a complaint letter/email should contain:

- Complainant's name, address, and contact details (e-mail id, phone/mobile numbers, etc.).
- Relationship information such as Application ID.
- Reference number of the previous complaint/request lodged, if any.
- Details and nature of the complaint.

- Copies of supporting documents, wherever applicable.

6. Response of complaints

- The complaint will be acknowledged when received by an employee
- The team will strive to resolve the complaint withing the turn around time mentioned
- Resolution of Complaints: For complaints, once the case investigation / research is completed, a detailed response along with key information / supporting documents (*as applicable*) is communicated by the Company.

7. Review of the policy

The Policy will be reviewed at least once a year, or sooner if there are any changes affecting the Company's business operations or changes in the regulatory framework.
